inc.

who is

smart
dept.

we are

a nationwide creative, digital, and marketing staffing resource that started on January 14th, 2002, by its founders, Michelle and Eric Pairitz. Creative professionals, themselves, Michelle and Eric set out to find better opportunities for their like-minded contemporaries.

**find someone
their dream job;
that has always
been the goal.**

Meet Noelle

"Being a contingent worker can often be stressful, but the abundant resources and communication from smartdept. created a comforting dynamic. I could not recommend their services enough."

what we do

smartdept. inc. places professionals in their niche for freelance, temp-to-hire, and direct hire opportunities.

Our boutique approach to staffing lends itself perfectly to the critical factor in our success – making good relationships.

A woman with long dark hair, wearing a dark blue top with a polka-dot collar, is smiling and looking towards the left. She is in an office environment with a window in the background. The image is partially obscured by a dark blue rectangular box containing text.

it's a relatively simple formula.

1

First, we treat people with the respect they deserve and then take the time to get to know them.

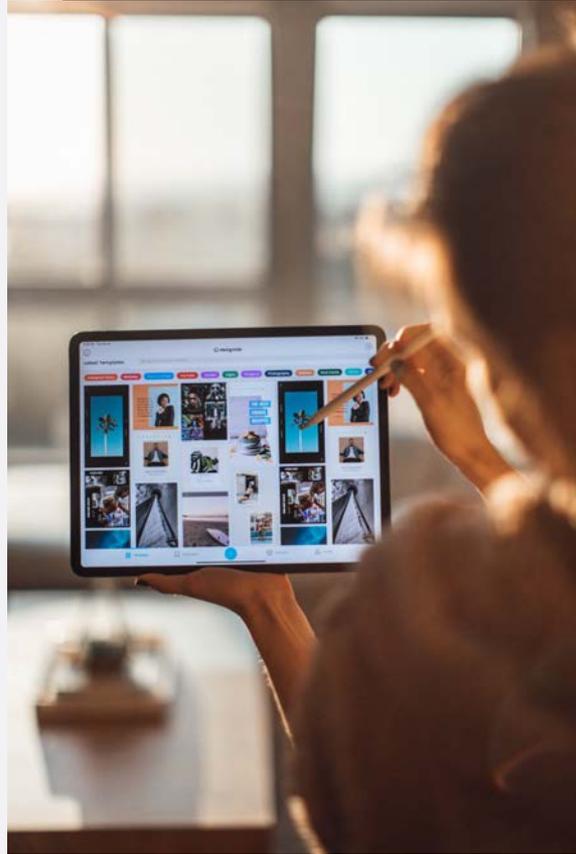

2

Our qualifying process includes a pre-employment assessment, interview, portfolio review, reference checks, and background check (post-offer). If you have a custom test that helps identify the best fit for your environment, we will do it.

yup, that was us...

Have you ever heard the one about the staffing company owners that drove their candidate to the interview after their car broke down?

We also provide our candidates with career coaching, health and dental insurance, paid sick time, and 401K.

why choose smart dept.

Creatives Placing Creatives

the founders worked as graphic designers before starting the company and have made a practice over the last 20 years of hiring creative thinkers to best identify top talent.

we are WBENC certified

We think that's cool, too!

smartdept. inc. is one of just a few creative, digital, and marketing niched WBENC certified women-owned enterprises in the United States.

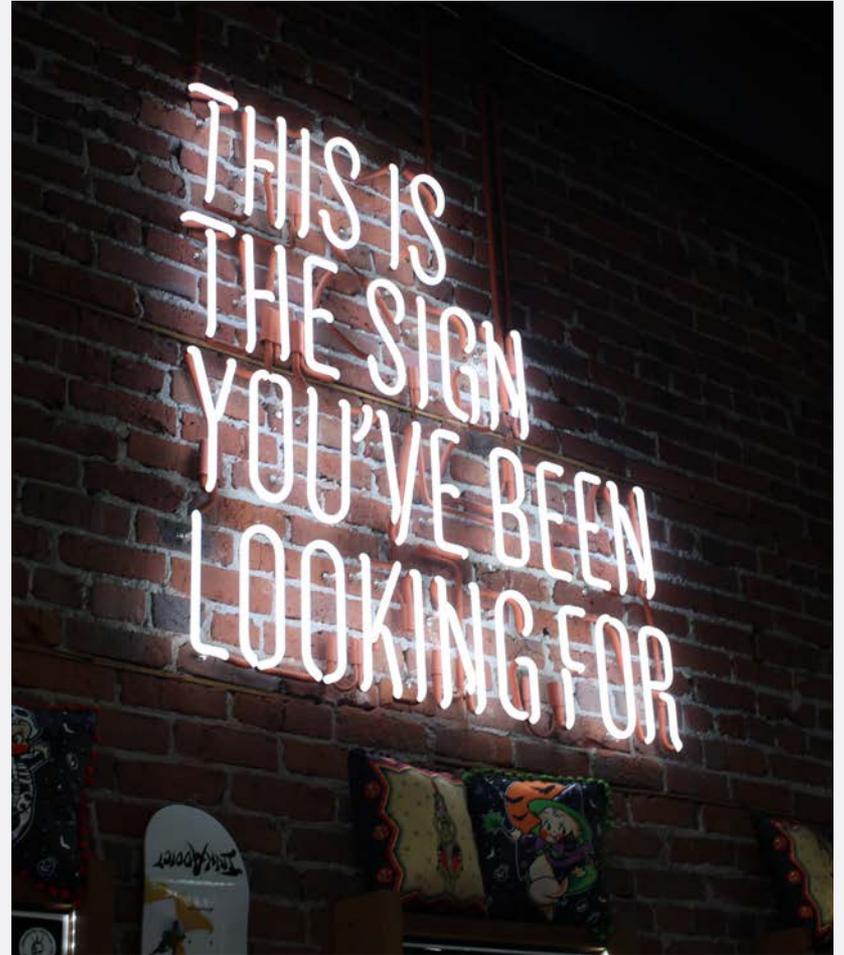

WBENC Certified

By working with a women-owned business, you show your company's commitment to working in diverse markets and furthering economic growth. That's good for everyone! When corporations and federal agencies include smaller businesses for their requirement of products and services, they are helping the economy be stable.

Still not convinced?

What if we told you that working with a WBENC-certified business (again, that's us) provides tax incentives for your organization.

smartdept. inc. is thrilled to announce that we have teamed up with Wonderlic, an industry leader in behavioral analytics, to help identify our top talent. Using their Wonscore platform, this partnership allows us to further assess our candidates' cognitive ability, personality, and motivation.
