### **smartdept. inc. expertise is in creative, digital, and marketing staffing**

We stay in our lane! That's a fancy way of saying we stick to staffing what we know (that's creative, digital, and marketing, BTW) and after 20 years, trust me when I say, "we know!" Let me put it to you another way. Would you ask your mail carrier to pull your sore tooth?

Staying in our lane means we won't recruit for positions outside of our niche (unless you're begging); it also means that at our core, we are creatives placing creatives, the depth of our candidate pool reflects our knowledge of the industry, we are on top of changes in our niche (because it is our sole focus), and because we are experts in our field we don't have to make promises we can't keep!
