OUTSIDE THE BOX

smartdept. inc. is a nationwide creative, digital, and marketing talent resource headquartered in Chicago. We provide companies with freelance, contract, direct hire, and contract-to-hire candidates. Our ability to service customers of all sizes, while still taking a boutique approach to service, allows us the best chance to cultivate the successful relationships we value.

Thinking outside of the box.

Do you consider yourself an out of the box thinker? Maybe you prefer to think of it as replacing the box. Or there is no box at all! We believe that thinking outside of the box is another way of emphasizing change. And that several important qualities can factor into making a change worthwhile. Whether it is taking extra time to prepare someone for their interview, using a nontraditional approach toward problem-solving, or bridging a gap at any cost, we've got the creative, digital, and marketing box dumped upside down. But for the record, we consider ourselves compassionate people who prompt change by employing creative solutions to do what needs to be done.

If you'd like to discuss your definition of thinking outside of the box, feel free to drop us a note at getsmart@thesmartdept.com and [check out our latest blog](#) on the subject.
